UPPER MIDWEST ENDURANCE AND COMPETITIVE RIDES ASSOCIATION

Letter from the Prez....

UMECRA's Target for New Participants I've heard so many times over the years that children and teens grow distance riding. And while having junior riders in our midst is certainly beneficial on a lot of levels, this group of riders do not grow UMECRA. They participate, often very frequently. But once they hit high school graduation and start the next step in their life, they often have to shed their equestrian habits for years. No all do this, but it happens to many. Sometimes they return after college or kids, but not very often.

Junior riders are not the bullseye of our target, but "middle-aged" women are. I will leave it up to you to define "middle-aged," but it is a BIG group. They often have a little bit of money because they've been working awhile, a little bit of courage and confidence because they've been working awhile, and they want to try a new thing. Why do we want to focus on this group?

Speaking in broad strokes:

#1 - They often bring their friends, family (including kids, spouses, siblings, grandchildren) and neighbors.

#2 - They are adaptable and not set in their ways. As you begin distance riding, it requires listening and learning; not just to the vets, but to your fellow riders and your equine.

#3 - They are tenacious. Lots of us have been through several setbacks, and know that we don't "win" every time. Sometimes winning is just getting through the day. Sometimes winning is WINNING or coming in before your friend. Sometimes winning is knowing when to shut it down for the day, and giving it a try later. Sometimes winning is helping someone else succeed.

Before I get crushed for saying these things, there are many people who have these traits of all ages and genders. UMECRA welcomes everyone who has a 4 year old equine and older or access to one to give distance riding a try. Ridecamp is big and our trails are long! It is my hypothesis that women of a certain age fall into our category courageous adventurers who preserve more than any other demographic category.

That said, our target should look like it's been hit by birdshot, because we can't ignore anyone either. If you are a rider not in the bullseye, that's okay. We shouldn't all be the same, because that's just plain boring! You are the spice to our soup! Please invite people of all ages and backgrounds to join us at a ride.

Sorry for the mixed metaphors,

Theresa Meyer, UMECRA President

Family Members - Email Address Alert!

UMECRA is already preparing for the Rider Representative Election this winter. Last January the board experimented with a couple of email electronic voting programs. One was clearly a winner.

Almost every single member provides us with an email address. This is wonderful because when the time comes they will get an link to an electronic ballot. Family members get two votes. The electronic ballot can <u>not</u> be sent to the same email two times.

<u>Family members</u> - if you want to receive your two votes for rider rep this winter - please provide us with your name, at least one other family member's name and the two email addresses you would like to use. Please do it right now so you don't forget.

Send this information to: Theresa Meyer thmeyer753@gmail.com

Thanks!

Recent Board Action

The board voted in the past few weeks to sanction a 12 mile drive for "miles only" at Bonecrusher on Saturday July 29. The request for the 12 mile drive was made

less than 60 days before the ride, therefore not allowed for points, but was allowed for miles for all those competing in it.

Also the board voted to spend \$80 for a full page ad in the program/membership directory and banner to be hung in the arena at the 2017 North American Performance Shagya-Arabian Registry (PShR) Inspection. The inspection will be held at the Stafford Farm in Pleasant Plains, Illinois, September 30 – October 1.

UMECRA'S TRAIL GRANT FUND

Recently, the Board of Directors (BOD) approved an updated Trail Grant Fund (TGF) program description and a standardization of the guidelines it uses in approving grant applications. The TGF is available to all members looking for funds to assist and establish trails and camping amenities at trails and campsites used for equestrian purposes. The new program description and guidelines were put together by a committee of board members concerned about the continuity of the program and an application

and approval process that is both fair and consistent with the values of our organization.

The new trail grant information and an application for funds can be found on the UMECRA web-site (click on the "About" button, then "Membership"). A few of the highlights of the program include:

- Yearly assessment by the BOD in setting the amount of money available per request (current amount is \$300 per grant)
- Priority for approval of grants is given to trails/campgrounds where UMECRA and AERC sanctioned rides are currently held
- Funds must be used either for new trail development or maintenance of existing trails/campgrounds/trailheads.

Once again, the complete Trail Grant Program description and applications for a grant can be found at www. umcera.com A huge THANK YOU to the TGF Committee for their work on this important membership benefit. Committee members involved were Bruce Birr, Darlene Molitor, Peggy Pasillas, Jan Sasena, Bill Suskey, and Jon Wagner

UMECRA Members - the 2018 convention organizers need your help.

As you may already know, we have Susan Garlinghouse DVM scheduled to be the presenter at the 2018 convention in Rockford. She has a series of presentations we can choose from and while we would love to schedule all of them it's very unlikely to happen in the time slot we have. So, we are asking you to please rank the topics in the survey from your first choice to last choice? You just click and drag the topic from the left side of the screen to the right side in order of preference with your first choice on the top and the bottom item as the thing you are the least interested in hearing about. It will be hard to choose, but we appreciate your feedback! The survey will close September 15th, so don't delay in sending in your responses.

Electronic newsletter – copy/paste in your browser, paper copy – you will need to type the address below into your browser.

https://eSurv.org?s=MIHHMM 3a7422e6

Susan Garlinghouse, DVM MS has been involved in endurance since 1989. In addition to her doctorate in veterinary medicine, she has completed graduate work in equine exercise physiology and clinical nutrition, and is an adjunct professor at three California state universities. She has published endurance-horse research in peer-reviewed journals, authored articles published in seventeen languages and spoken to equestrian groups worldwide. She serves on the AERC Board of Directors, and is active as a rider, ride veterinarian and chair of the AERC Education Committee.

Competitive Score Sheet Makeover

Please take a look at the enclosed Score Sheet proposed makeover/revision. There were several things on the old sheet that has been in use for 20 years or more.

The first thing that you will see at the top of the page is a change in pertinent information that is useful to the ride and reporting of results. We no longer need rider address and horse breed, etc. The horse's name, rider's name and the corresponding ID numbers are at the top.

The metabolics that are recorded on the left side of the sheet are arranged neatly and body condition is included and anal tone is deleted. These are not scored. They are rearranged in order that they are looked at by the evaluator.

The Trot Out section has changed the GRADE 3 lameness score to 'No placing miles only' as was voted on and passed by the members in 2015. Fatigue/Attitude is still worth a total of 40 points.

Manners scoring have been put on the left side under the trot out note area so that there could be more room for multiple scoring as was requested by members to the executive members of the board.

The right hand side is used to collect the minus scores and create the Total Deductions to create the final score. The sheet will be arranged on the scoring page as it is presently not as you see this DRAFT example. The one that you see in the news letter is arranged for convenience in publishing.

THERE IS NO CHANGE IN THE VETTING OF THE HORSE. THIS IS JUST A CHANGE IN THE SHEET TO RECORD THE SCORING RESULTS. Any change in the vetting will require rules change that has to be approved by the BOD and ultimately by the voting members.

Thank you. The Score Sheet Committee: Linda Jacobson, Laura Husser, Carmen Steuck, Ruth Casserly, Nicole Mauser-Storer, Lisa Germann, and Wes Elford.
