### Other Aspects of Program

1. Add on to web page a 100 miler section with past 100 mile horse/rider teams listed with their pertinent information
2. Make a presentation at the 2009 Annual Meeting to introduce and kickoff the program.
3. Work with ride managers to encourage some 75 mile rides to make it easier for riders to make that jump up in mileage and/or have some elevator rides.
4. Mentor Program- Included as part of the 100 mile section of the web page listing people that would be open to mentoring 100 mile newbies
5. Have Ride Managers state on ride flyer how many riders they would require in order to hold a 100 mile ride.

6. Have riders commit 2 weeks ahead to the ride managers that they would be doing the 100, so ride manager has sufficient time to mark the extra trail.
7. Encourage Ride Managers to give nicer/better completion awards to 100 mile riders.
8. Only UMECRA sanctioned rides count towards annual awards.
