If you haven't ridden the 100-miler at the Grand Island Ride on Memorial weekend, then you haven't seen the rest of the Grand Island trail; Grand Island North will take you on that journey.

The course consists of two separate 25 mile routes such that the 50-milers will have their middle check in camp and their 1st and 3rd checks at two different locations; ride management will haul your stuff to both locations, however, the order in which the two routes are ridden will be reversed on Sunday so that those riding the 25s will be able to see both routes.

Camp is adjacent to the Au Train Basin (Forest Lake) and consists of a rough cut area with some regrowth, so walk ahead of your rig to check for holes and stumps. Horse water will be available and there will be a Saturday night potluck with the main dish provided by ride management.
